CLARKSBURG, W. VA., SATURDAY, JUNE 7, 1913.

PRICE TWO CENTS

NOT WORRIED IS PRESIDENT

HERO TO DIE

Unless Some One Does to Him as He Has Done to Others.

NEW YORK, June 7.—Charles Kaplow, a young athlete who has several times recently given large areas of his skin for grafting operations on burned children is himself in need of such a sacrifice on the part of some one else. The last patch removed, thirty six inches for William Colwell, of Nutley, N. J., left a wound that has refused to heal and physicians decided that new skin would have to be procured. Several persons volunteered and the operation was to have been performed Monday. In the meantime, however, Kaplow's wife disappeared and so far no trace of her has been found. She was a trained nurse attracted to him by his heroism and they were married not long after he submitted to the first skin removal. It was said today at the hospital that Kaplow's condition is serious.

SHOOT DEPUTIES

After Slipping Manacles On While Officers Are Not Looking at Him.

SAULTE STE. MARIE, Mich., June 7.—Joseph Tobens, employed in lumber camps in this district, today shot and killed two deputy sheriffs who had arrested him in connection with a stabbing affray last night at Briemley, a village near here. The dead officers, James Sutton and Alfred Schriber, both lived at Briemley. Tobens had been handcuffed but he slipped the manacles off when the deputies were not looking and the shooting followed. He was armed with a .38 Smith & Wesson revolver. An armed posse is searching the woods for Tobens and officials fear that he will be lynched if taken back to Briemley.

HOME FROM SARANAC.

Col. and Mrs. W. T. Byrd are home from Saranac, N. Y., where they sojourned several months for Mrs. Byrd's health. She is now a patient in St. Mary's hospital. Friends are sorry that her health is not much improved.

GOMPERS DOES WELL.

WASHINGTON, D. C., June 7.—Samuel Gompers, president of the American Federation of Labor, operated upon for the second time yesterday for a mastoid abscess, was doing as well as could be expected today, his surgeon said. Mr. Gompers passed a good night.

MEN ARE REDUCED.

WASHINGTON, D. C., June 7.—Thirty-one employees of the weather bureau have been reduced from connection with the alleged political activity which resulted in the recent dismissal of former Chief Willis L. Moore. Henry L. Heiskell, professor of meteorology, and D. J. Carroll, chief clerk, have been suspended without pay pending an investigation.

BUFFALO BILL IS ILL IN THE SOUTH

BLACK HAND

Letter Sent to the President Causes the Arrest of a Foreigner.

YOUNGSTOWN, O., June 7.—Giuseppe Pomero, aged 35, was arrested here today by a secret service man charged with sending a black hand letter to President Wilson demanding \$5,000. Pomero is said to have admitted his guilt and his only reason for sending the letter is that he just wanted the money. The letter was mailed May 20. It is said that Pomero is one of a Black Hand band operating in this section and having connections in New York, Pittsburgh, New Castle, East Youngstown and Cleveland.

Over Charge by Senator Townsend That He is a Tariff Bill Lobbyist.

HE WILL NOT APPEAR Before the Lobby Hunt Committee unless Specific Charges Are Made.

WASHINGTON, D. C., June 7.—Senators on the lobby investigating committee were of the opinion today that Senator Townsend's sensational charge that President Wilson himself had been lobbying for the tariff bill would not be taken up by the committee as an issue unless some specific charges were made. Senator Townsend testifying last night while declaring that White House influence had been exerted on certain senators declined to give any names. Unless those are presented the committee is not likely to follow up that phase. The committee was in recess today preparing for its next week's work.

White House officials profess to be undisturbed by Mr. Townsend's charge and it was said the president would not take the stand to make a personal answer unless some specific charge was made against him. Officials declared Mr. Wilson was confident that the people of the country would take the position that he was representing them in Washington and had the right to use all his influence to further legislation promised in the Democratic platform. It was denied that the patronage club had been wielded to keep senators in line.

"President Wilson will be welcome before the committee if he desires to appear," said Acting Chairman Reed today, "but I see no reason why he should deny charges that have never been made."

Miss Freda McInerney, of McDonald, Pa., is spending several days in the city visiting her aunt, Mrs. Patrick J. Lyden, at her home on East Pike street.

GRAND JURY ENDS ITS JUNE PROBE

MURDERER

Of a Pittsburg Ticket Agent is Still at Large as Long Search is Futile.

PITTSBURG, Pa., June 7.—William E. Sage, slayer of James McNair, ticket agent at the Pennsylvania railroad station, was still at large today although the combined forces of city and county detectives as well as railroad officers had spent the entire night in search. Ralph Pauley, McNair's assistant, who was also shot when his chief received his fatal wound yesterday, was able to leave the hospital today and go to his home.

MARRIAGE LICENSES.

Marriage licenses have been issued to William T. James and Blanche Garvin and Joseph Muto and Saletta Gallo.

As a Result of Nervous Exhaustion and Serious Stomach Trouble.

KNOXVILLE, Tenn., June 7.—Physicians attending William F. Cody (Buffalo Bill) who became ill here yesterday, said today his condition was grave. Col. Cody is being cared for at the home of a cousin.

Buffalo Bill took part in the performance of his show here yesterday afternoon but he was unable to appear in the evening and was removed to his kinsman's residence. The colonel was said to be suffering from nervous exhaustion and serious stomach trouble.

Frank and William Delbridge returned from Columbus, O., Saturday morning where they spent several days visiting relatives.

THE IMMACULATE CONCEPTION HIGH SCHOOL

Right proud are the members of the Immaculate Conception parish that their new school for boys is now a reality.

The contract was awarded to James Cain, of Elkins, at the price of \$74,300. Father McDermott and the school board, consisting of twenty representative gentlemen of the congregation, accepted the price after much deliberation. That nothing really worth while can be accomplished without earnest effort is freely admitted, so if Clarksburg people will but second the efforts of the zealous pastor it will be no great difficulty to build the school. A school for the Catholic youth of the parish is a crying want. Clarksburg is a leading city in West Virginia, prosperous in every way. Many people God has blessed with an abundance of this world's goods, many others He has blessed with generous hearts and moderate means, so if all give to this grand venture, according to their means, all obstacles will be bluffed and what may appear an immense difficulty will sink out of sight. In anticipation of what the

school will be the following is given: The Immaculate Conception High school will be located on a slight eminence of ground in close proximity to the church, a position in which it will command the attention of any one in the vicinity. The style in which the building is designed is commonly spoken of as 'Americanized English Gothic architecture.' The exterior is simple, dignified and straight forward; the superfluous ornaments, so commonly used in such buildings, having been entirely eliminated. The plan is simple and well arranged, easy of ingress and quick exit, being features sought by the architect. The class rooms, ten in number, with provision for two additional ones, are well located, being nicely arranged both for teachers and pupils, and with ample light and ventilation. Ample cloak rooms and toilet facilities have been provided. On the main floor is a large auditorium extending through both the first and second stories, and with the balcony it will have a seating capacity of 1,200. The architectural

decoration used in this room will be in classical style. An ample stage is provided and arranged with dressing rooms, so that when so desired the auditorium may be used for amateur theatrical purposes.

In the basement will be a large gymnasium which will not be excelled in size and equipment by any university of the state.

The construction used throughout the building will be sturdy and strong, making the building as near permanent as can be built.

As a whole the architect has endeavored to make a building which is up to date in every respect and suitable as the home of an institution of learning.

Edward J. Wood, of Clarksburg, is the architect of the building. The general contract was let to James Cain, of Elkins. The John O'Hara Company, of Clarksburg, was awarded the contract for the plumbing, heating, electrical wiring and vacuum system. At the completion of the school building three Christian brothers of Baltimore will be the instructors.

TRAIN STRIKES AUTO KILLING AN EDITOR

And Terribly Injuring other Occupants of Car on Way from Fraternal Meeting.

SRILE, Pa., June 7.—Frank McLean, aged 50, editor of the Union City, Pa., Times, was instantly killed shortly after midnight when his automobile was struck by a freight train at the Main street crossing of the Philadelphia and Erie railroad in that city. Miss Bernice Barr, a school teacher, probably was fatally hurt. Four others occupants of the car received slight injuries.

Miss Barr, who is a daughter of the Rev. John Barr, had both legs broken, toes crushed, collar bone broken, hip fractured and was badly cut on the back of the head.

The party was returning from a fraternal society meeting at Wattsburg when the accident occurred. As the automobile approached the Main street crossing, in Union City two locomotives standing at the side of the crossing were letting off steam. The steam clouds and noise prevented the chauffeur from seeing or hearing the freight train, which was approaching the crossing on the westbound track. The automobile was across both rails when the collision occurred.

McLean was buried under the wreckage of the automobile and was dead when the big machine was lifted from him. Miss Barr was pinned under the wreck also.

SUFFRAGETS

Are Condemned by the King's Court Bench to Pay Heavy Damages.

LONDON, Eng., June 7.—Mr. and Mrs. Pethick Lawrence, Mrs. Emmeline Pankhurst and Mrs. Mabel Tuke representing the Women's Social and Political Union, were today condemned by the king's bench court to pay \$1,840 damages in a suit brought by a number of West End London shopkeepers for damages done in smashing windows during suffragette raids. The hearing lasted three days. As this was a test case, it is said that many similar suits will follow.

STRIKE AVERTED.

CLEVELAND, O., June 7.—The strike that 700 barbers voted to declare last night was averted today, the master barbers granting the journeyman barbers an increase from thirteen to fifteen cents an hour. The barbers are paid by the hour and in addition receive a percentage of all receipts over a certain stated amount.

WOMAN CAUSES SCENE IN COURT

Theaters to Kill Constable or Herself if Not Released at Once.

HUSBAND ACCUSER Screams and Tussles with Officers, One of Whom Loses Cuticle.

Screaming, kicking, sobbing and yelling that she would either kill a constable or herself if she were not released at once, Mrs. Anna Glover, wife of A. W. Glover, of Glen Elk, was carried back into Justice G. H. Gordon's office Saturday afternoon to await a hearing on a peace warrant sworn out by her husband, after she had made a dash for liberty.

Mr. Glover and his wife were walking along Third street and as they passed the front door of the justice's court, the husband pushed her inside telling Constable R. E. Kidd: "There's the woman I got out a warrant for."

Mrs. Glover ran down the street but was soon overtaken by Constables Kidd and Robert McClung. She resisted arrest and in the scuffle Constable McClung had a patch of skin knocked off his hand. The constable staunch the flow of blood from the wound with dampened tobacco.

"We were getting along perfectly grand," sobbed Mrs. Glover referring to her husband, "when his mother came in and tried to boss me around and run the house, and I put her out."

Justice Gordon, who had been at the court house on official business appeared shortly afterward and released Mrs. Glover on her own recognizance for her appearance at a hearing later.

The incident created unusual excitement in the vicinity of the court room and a large crowd gathered in front of the building.

Samuel A. Elliott was her from Talpin today on business.

ORDERS ISSUED

For the Grand Army of the Republic Encampment in South.

BRIDGEPORT, Conn., June 7.—General orders for the forty-seventh national encampment of the Grand Army of the Republic at Chattanooga, Tenn., September 15 to 20, were issued by Commander in Chief Alfred B. Beers today. The fact is emphasized that a national encampment has never before been held so far south and all veterans are urged to take this opportunity to visit the historic battlefields of Missionary Ridge, Lookout Mountain, Chickamauga and from Chattanooga to Atlanta. Attention is directed to the Gettysburg reunion the first day of which, July 1, will be veterans' day under the direction of the commander in chief of the G. A. R. and the commander in chief of the United Confederate Veterans.

WANTS DAMAGES FOR MUDDY TROUSERS.

P. F. Canfield thinks the city of Clarksburg ought to pay him something for having his trousers muddled by the city's street flushing machine.

Indeed, Mr. Canfield has been so earnest in this conviction that he brought a damage suit against the city in Justice Jackson V. Carter's court, where he estimated the extent of the damages at \$10. The suit was tried Saturday morning. Learned lawyers argued the case at considerable length and there was a good deal of discussion over the trousers, which, mud and all, constituted an interesting exhibit in the case.

The case was submitted just before the dinner hour and Justice Carter reserved decision.

ARREST MADE

Of Walter A. Burke, Real Estate Operator, for Alleged Embezzlement.

NEW YORK, June 7.—Allan A. Ryan, son of Thomas F. Ryan, the financier, caused the arrest today of Walter A. Burke, a real estate operator, for alleged speculation in Wall street with the funds of an estate of which Burke was the executor. Ryan alleges that Burke confessed to him recently that he lost by speculation \$143,000 of the \$200,000 estate of Burke's sister, Matilda B. Brown. The money was placed by Burke with Ryan's brokerage firm. According to the complaint Burke confessed when proceedings were about to be begun to compel him to account for the fund. Ryan charges that Burke told him the brokerage firm would be made a defendant in the action to recover the sum lost in Burke's speculation. Ryan then began proceedings which culminated in Burke's arrest. The specific charge against Burke is the larceny of \$20,000 from the estate. He was held in \$15,000 bail after pleading not guilty for a hearing June 11.

PRESIDENT WOOD CLEARED BY JURY

At the Trial of Men Charged with Planting Dynamite in Strike.

BOSTON, Mass., June 7.—W. M. Wood, president of the American Woolen Company, was found not guilty, Frederick E. Atteaux secured a disagreement, while Dennis Collins was found guilty by the jury that this morning returned a verdict in the alleged conspiracy to plant dynamite at Lawrence to discredit the textile strikers during the industrial troubles of 1912. The jury had been out since early yesterday afternoon.

The first count charged conspiracy to injure the textile strikers and the second count conspiracy to injure unknown persons. The other counts

alleged conspiracy against certain persons and a plot to damage property. The case was one of the most sensational that has grown out of a dispute between capital and labor. The court ordered that bail for Atteaux be renewed pending disposition of his case.

MINISTER RETURNS.

The Rev. Felix K. Struve has returned from attendance upon the commencement exercises of Morris Harvey College, located at Barboursville, W. Va. He reports a pleasant visit and that the school is most prosperous, having just celebrated the twenty-fifth anniversary of its history. Morris Harvey College is the property of the Western Virginia Conference, Methodist Episcopal church, South.

Dorsey W. Cork has returned from Pittsburg.
